Since the day we opened our doors in 1989, our team’s top priority has been to provide meeting planners with excellent customer service. Located along San Diego Bay, we offer flexible exhibit and meeting space in a destination that provides year-round appeal.

**FEATURES**

The building’s architectural centerpiece is a white Teflon-covered 90,000 sq. ft. Sails Pavilion that provides an open-air feel. The exhibit space recently underwent a complete renovation and now allows for meeting planners to customize lighting of the iconic Sails Pavilion roof. The glass-enclosed meeting space features an industry standard trade show floor, high-tech lighting and a cooling and heating system for maximum comfort year-round. The column-free space is equipped for a variety of events, from trade shows and receptions to banquets and galas. The Sails Pavilion is flanked by two ballroom foyers that provide excellent prefunction space. Receptions, coffee breaks and registration activities can take place throughout these areas. Adjacent to the foyers are two ballrooms, each with over 40,000 sq. ft. Designed for maximum flexibility, both ballrooms can be easily divided into smaller sections. Many of our 72 multi-function meeting rooms are accessible via glass corridors. Several meeting rooms open out to expansive terraces overlooking the San Diego Bay, the perfect place for attendees to soak up San Diego’s year-round sunshine. The Sails Pavilion is also conveniently accessible to meeting rooms.

**LOCATION**

The San Diego Convention Center is favorably located within a mile and a half of more than 12,000 first-class hotel rooms and is just 10 minutes from the San Diego International Airport. Within easy walking distance are hundreds of unique restaurants, shops, city parks, museums and attractions. Before or after meetings, attendees can stroll to the lively Gaslamp Quarter, Seaport Village, The Headquarters shopping district, the historic USS Midway Museum and Petco Park, home to the San Diego Padres. Getting around the rest of town is also simple with taxis, buses, rental cars and the Trolley, San Diego’s light rail system linking downtown, Old Town and Mission Valley to the convention center. You can even rent a bike and see the sites on two wheels.

**SPACE**

Our waterfront facility features 2.6 million gross sq. ft. with 615,701 sq. ft. of exhibit space and 204,114 sq. ft. of meeting space including two 40,000 sq. ft. ballrooms. The center is home to 284,494 sq. ft. of prefunction, lobby and registration areas, as well as 184,514 sq. ft. of outdoor terrace space. Ultimate flexibility is offered for groups of any size. More than a half million sq. ft. of contiguous exhibit space is divisible into seven halls of varying sizes. Fifty loading docks offer convenient access to exhibit halls.

**LABOR PARTNERS**

The San Diego Convention Center has a long and productive relationship with our labor partners. Our award-winning customer service is directly attributed to our staff, as well as our strong partnership with local unions.
