Velocity Audio Visual Service (Alliant Events)
Matt Woods, Senior Account Executive
(619) 279-7673
matt.woods@alliantevents.com
http://www.velocityavs.com

AlliantConnect
Starting from $16,500
Click Here to see AlliantConnect
AlliantConnect is not just a microsite, it's a one of a kind 3D virtual event environment, and the closest thing to a live in-person event. This makes for an interactive and engaging experience for all participants. In this setting, events have a natural feel and sense of togetherness that allows for a productive and valuable Virtual Meeting Space. With AlliantConnect we help you reach your event goals, deliver your brand message, and increase attendee engagement. Alliant Events works closely with our clients and their end-users to make sure the platform is delivering to its full functionality… before, during, and after the event with our clients' needs in mind. Best For: Virtual Tradeshows; Virtual Conferences; Virtual Networking Events

AliantStream
Starting from $6,000
AliantStream is a microsite style platform. If you are looking for a simple solution with the added benefit of incorporating event production to polish your event this is the solution. Attendees interact and engage using polls and chat. Provide live or on-demand sessions for training, product launches, keynotes, and tradeshows. Panel discussions with multiple remote presenters is a great way to use this platform. With this solution you get a full event website with all the schedule, sponsorships, and session streaming built in. Best for: Video Conferencing style meetings; Small meetings under 100 attendees; Panel Discussions & Fireside chats

Add a Virtual Studio
- Safe and local San Diego location
- Can be added to either virtual event platform
- Processional camera vs. low quality webcams
- Take care of potential bandwidth issues
- Custom background with branding
